A MESSAGE FROM RACHEL

First off, welcome and congratulations on your decision to grow and scale. I know that you've likely been bombarded with ads, gurus, coaches etc., but my hope is that when we get started together it won't feel like any other meeting because our focus will be very different from the rest - Elite Mastermind was created to help health, wellness and fitness entrepreneurs not only grow and scale their businesses, but also have more time freedom in the process. What good is money with no time?

WHAT COMES FIRST? ↴ YOUR STRATEGY CALL

The first step in reaching your goals is having a phone call to discuss your goals and what we need to include in a custom strategy to get you amazing results. If we are a good fit, then we will go over how coaching works and bring you into the Elite Mastermind.

WHAT IS THE ELITE MASTERMIND

Problem - Businesses want to grow their revenue and scale, but they also want the time and lifestyle freedom to be able to enjoy it and they have no clue how to get there.

Solution - The Elite Mastermind literally takes you by the hand through our core pillars of building a successful online business so that you learn exactly what to do to reach those business and lifestyle goals. The following information is designed to help you make an educated decision. We only want to work with people who are serious about changing their lives. If that's you, then you're going to love this!

THE PROCESS:

How to stand out from the competition in the health, wellness and fitness business with the 'Therapeutic Expression Method' an innovative approach so that you can work with your clients towards achieving specific goals.

How to start and grow your health, wellness and fitness business without tech overwhelm and spending a fortune on websites, templates, software and paid ads.

We teach you how to generate leads organically and convert without sounding pushy or salesy. No more spending hours doing webinars and challenges. We teach you how to make your potential clients understand why working with you makes the most sense.
